

RYGAARDS SCHOOL

STRATEGIC PLAN 2017 – 2022

Our Guiding Star

“To educate is to transform the world” (Marie Eugenie)

Our Vision

We aspire to be a school working with the best and most widely recognised learning methods that allows each student to fulfill his or her potential. We aspire to be an international school in a Danish environment, celebrating our global character.

Our Mission

“Rygaards School sees as its purpose, in co-operation with parents, to practice a form of educating which aims to build up the self-confidence, sense of values, and all-round personal development of the individual student.”

Core Values

We believe every person is

- Unique, and
- Purpose Driven

..and our school is

- Community Minded, and
- Globally Responsible

Strategic Areas

- Teaching and Learning
- Parental Involvement
- Organisation & Leadership
- Community

Teaching & Learning

...to optimise student learning and enable each child to develop to their full potential

- By developing a school culture where teachers individually and collectively reflect on the impact of their teaching to student learning
- By developing a school culture where students are empowered to evaluate and reflect on their own learning
- By developing and improving the quality of feedback given to students and parents to stimulate growth and learning
- By ensuring that students at Rygaards School are being taught the skills necessary to thrive in the 21st century

Parental Involvement

...to collaborate with families as full partners in the learning and development of their children

- By giving parents the means to collaborate with the school in the learning process by communicating clearly the educational philosophy of the school
- By encouraging parents to involve themselves in the life of the school

Organisation & Leadership

...to develop the organisation and leadership of the school in a way that delivers our mission and vision to a wider learning community

- By investigating the viability of extending the educational base of the school in order to reach out to a greater number of students
- By developing the leadership structure of the school to enhance Leadership of Learning so that it can adapt to any changes in the organisation
- By strengthening and developing the competencies of the leadership to successfully embrace changes in organisational structure

Community

...to continue to enhance the quality of our community

- By raising awareness of the school as a learning community
- By effectively communicating the daily life of our community
- By further improving the quality of community building activities
- By creating and developing synergy between our various communities
- By actively engaging with the Assumption learning community
